Erratum regarding missing Declaration of Competing Interest statements in previously published articles

ARTICLE INFO

Article history:
Available online 2 February 2021

Declaration of Competing Interest statements were not included in the published version of the following articles that appeared in previous issues of Visual Informatics.

Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in these papers.

“An Association Rule based Approach to Reducing Visual Clutter in Parallel Sets” [VISINF 3/1 (2019) 48–57] <https://doi.org/10.1016/j.visinf.2019.03.001>

“aflak: Visual Programming Environment Enabling End-to-End Provenance Management for the Analysis of Astronomical Datasets” [VISINF 3/1 (2019) 1–8] <https://doi.org/10.1016/j.visinf.2019.03.001>

“Geo-Coordinated Parallel Coordinates (GCPC): Field trial studies of environmental data analysis” [VISINF 2/2 (2018) 111–124] <https://doi.org/10.1016/j.visinf.2018.02.001>

“Clone-World: A Visual Analytic System for Large Scale Software Clones” [VISINF 3/1 (2019) 18–26] <https://doi.org/10.1016/j.visinf.2019.03.003>
